Cabins

9 cabins (7 × double, 2 × twin, 1 × additional berths)

Engines

2 × 2,510hp Caterpillar

Propulsion

Twin screw diesel yacht

PROJECT X

About PROJECT X

PROJECT X is a brand-new 88m (288.6ft) yacht delivered in summer 2022 by renowned Greek shipyard Golden Yachts. Hugely experienced, PROJECT X's owner has guided and overseen her whole design process. She showcases iconic exteriors by legendary British designer Ken Freivokh and restful, contemporary interiors – including Freivokh's jaw-dropping triple-height atrium – by Italy's Massari Design, with all design guided and overseen by her hugely experienced owner.

Her steel hull and aluminium superstructure were built to Bureau Veritas classification and MCA compliance for commercial operation. Her 2,973GT of internal volume feature the very latest in design, technology and style to deliver the highest standards in quality, service and entertainment.

The main deck onboard PROJECT X is home to a large pool, 7x3.5m (23x11.5ft), on the aft deck with vast sunbathing facilities and a large sit-up wet bar. A DJ station 'bridges' over the main deck pool for professional DJ sets with B&O sound system and nightclub lights for peerless yacht parties.

A sea-level beach club features two large sea terraces, a huge swim platform, a sit-up bar with views into the glass-sided pool above, a circular lounge, other seating areas and a large TV. It's also home to the yacht's spa with sauna, hammam and massage/beauty room.

For fitness, head to the sun deck's fully equipped gym with wonderful views through extensive glazing and at its centre the elevator that services all guest decks. Aft is a sit-up wet bar, café-style seating and a large area for sun loungers and forward is a 10-person jacuzzi with adjacent sunpads.

An interior flooded with natural light, redefines the connection with your surroundings. Nowhere is this better expressed than in her uniquely impressive glass elevator and triple-height atrium, inspired by Freivokh. Other impressive features include a large private owner's deck with jacuzzi and sun lounging terrace and sensational views through full-height windows in the master suite and lounges.

In total PROJECT X accommodates up to 19 guests in nine suites across bridge, upper and main decks, including a main deck VIP suite, and each has its own colour scheme. There is an impressive full-beam office/conference room with separate PA/secretary facilities on upper deck forward with panoramic views.

PROJECT X also has an extensive collection of tenders and toys, from the 10m (32.8ft) Onda Limousine tender and the impressive 9m (29.5ft) Pedrazzini Vivalle classic tender to the two 6.3m (20.7ft) Whitmarsh RIBs. She also has a packed toy locker to keep everyone entertained on the water.

Twin 2,510hp Caterpillar diesel engines, with very minimal engine hours, give her a top speed of 16 knots and an astonishing range of 9,500nm at her passage speed of 12.5 knots. Naiad Dynamics zero speed stabilisers ensure comfort on arrival. She also has a touch-and-go helipad on the foredeck.

Key features
