Not available for charter to US residents while in US waters

LADY E

About LADY E

LADY E went into her 2020 rebuild as one of the finest family charter yachts ever to grace the seas. She emerges, without question, as the absolute best in her sector of the market.

Refitted and extended by 6m (19.7ft), she sports a fabulous new 66sqm (710sqft) destination beach club. Guests will love the convivial lounge, stylish sit-up bar, rain shower and a 77in TV. Wall mounted wakeboards giving the space a relaxed surfer ambiance and there's plenty of natural light through a skylight above, three windows each side and a transom door three times larger than it used to be. Her guests can jump on and off the abundant watertoys and tenders while enjoying drinks, snacks, music, sports and movies at sea level.

The main deck aft, always a great area to spend family time, now has more space. The BBQ deck is now equipped with a large hammam as well as a heated pool. Turn on the jets and swim against the current for a gentle workout or feel the burn in the climate controlled gym. Also new is the beauty salon on the bridge deck where you can pamper yourself with massages, hair styling and beauty treatments.

LADY E also welcomes a sparkling Wajer 55s, a Super Air Nautique G23, the global leader in ski, surf and wake boat performance, complemented by the latest water toys on the market.

The bridge and main lounge's entertainment systems ensure enhanced home cinema experience and the sky lounge is all about fun and games.

What hasn't changed? Her phenomenally spacious interior has the same immaculate Franchini design and big-name artworks. She also has the same super-talented crew.

Everything about LADY E is on a grand scale, from the swirl of her chic spiral staircase to her vast master suite with its separate office, walk in wardrobes, his and her bathrooms. The VIP suite on the main deck and four further elegant guest suites on the lower deck are all exquisitely furnished and an elevator means step-free access to all guest areas.

With acres of luxurious deck space across four levels guests can breakfast on the bridge aft deck, lunch al fresco on the BBQ deck sheltered by retractable glass screens and dine indoors at the bridge deck dining table.

Key features
