Beyond the line.

Some people stop
at the superficial;
we strive to go beyond.
Because only those
who cruise know
where to find the sublime:
Beyond the surface.
Beyond the Line.

See another sea with
the **Custom Line Navetta 35**.
A reflection of
the owner's personality,
she's more than a yacht;
she's a unique masterpiece.
Because cruising is an art.
The art of being different.

The essentiality of lines,
the cleanliness of shapes,
the artisanal workmanship
of surfaces: the traits of the unique
identity of Custom Line Navetta 35.

Interiors by Antonio Citterio Patricia Viel

The international architecture signature ACPV ARCHITECTS Antonio Citterio Patricia Viel have developed an interior design concept based on large volumes on all 4 decks, stylistic elegance, livability, timeless classicism, harmony with the marine environment and direct contact with the sea. All this while maintaining a contemporary identity.

Absence as innovation:
connecting stairs disappear
from the main deck cockpit
with maximum width and livability
for the owner and guests.
Access to the upper deck
is via a midship staircase.
